TOURIST ATTRACTIONS

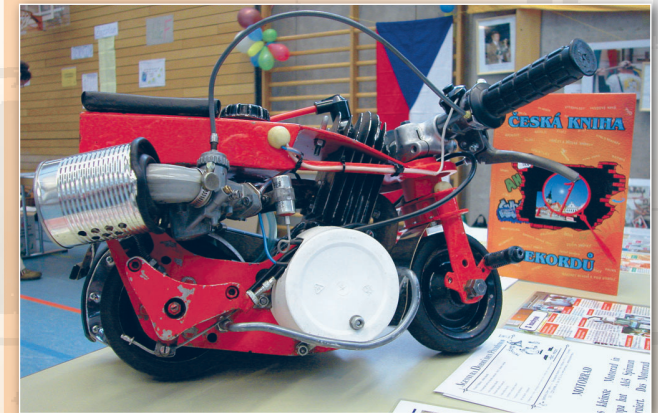

PELHŘIMOV – TOWN OF RECORDS**Museum of Records and Curiosities**

Jihlavská brána, tel.: 565 321 327

The biggest, smallest, longest, heaviest, fastest, most sedulous... These all are attributes you can meet with at every step in this museum mapping unique achievements by Czech and world record breakers. In this institution, a unique one within the whole of Central Europe, you can see everything concerning the world of records, curiosities and the international festival "Pelhřimov – Town of Records".

A Walk through the Czech Book of Records – The Route of Records leads you from the Museum of Records and Curiosities to the "Embankment of Records" up to the House of Good Days. Talking panels will give you the most interesting information of your choice from the Czech Book of Records. When walking

along the Bělá River, you can meet with giant objects as well as record breakers.

Exhibition "Buildings Made of Matches" placed in the House of Good Days is unique in all the world. Tomáš Korda of Vrchlabí has spent 40 years of his life making these objects. During an unbelievable 63,310 hours of work he has made dozens of buildings using an incredible 820,215 matches and match-heads! There is nothing similar to see in all the world!

Thanks to the help of tourists from all corners of the Earth, **the Bělá River in Pelhřimov** is becoming the river with the largest number of tributaries in the world. Even you may be part of the record – bring water from your journeys or your home and make a contribution to the confluence of the largest number of waters on our planet organized and prepared by the Museum of Records and Curiosities in Pelhřimov. www.dobryden.cz

"Městské sady" (Municipal Park) Discovery Trail

The scenery and natural appearance of the park, diverse composition of the trees here as well as the interesting history of the origination of the Municipal Park gave rise to establishing a discovery trail providing information on interesting facts concerning the park itself as well as the nature of Pelhřimov region.

As a tribute to famous natives of the town the people of Pelhřimov have built the **Commemoration Hall of the Lipský Family or the First Czech MUSES-um**, which is situated on the ground floor of House No. 10 (the so-called Šrejnarovský House – House of the Šrejnar Family) in Masaryk Square in Pelhřimov. Of the Lipský

family most people remember especially Oldřich Lipský, the director, and his brother Lubomír, the actor, but a lot of work for the theatre and television has also been done by other members of this famous dynasty of artists. The exhibition is divided into 3 parts. The first part gives information about their lives and work, the second one is devoted to movie-making and the third part reminds in an entertaining form of the films made by Oldřich Lipský. Every visitor to this exhibition shall certainly keep a piece of wisdom and joy that members of this dynasty have spread around themselves and are doing so even now. Styles of Architektury Discovery Trail

The royal town of Pelhřimov abounds in houses built in various styles of architecture which you can discover on a trail focused on individual features of these styles. The discovery trail marked with guide signs offers two routes: a tour of the inner town and a tour of the suburbs. The starting point to the discovery trail is the Tourist Information Centre, where you can obtain information materials or hire a guide.
